20-Sep-2021 Shelf Life: 20-Sep-2024

This certificate of analysis is electronically generated. Please note that the results reported are based on average analyses over a 24 hour period or of the batch produced. There may be some minor differences between these results and the product received. Tests are completed according to ICUMSA methods where appropriate. White granulated sugar complies with the unified National Formulary (NF) / United States Pharmacopeia (USP) and the European Pharmacopeia (EP) standards for Sucrose. Compliance with these standards is validated at least annually by an independent source on random samples of our products.

Veuillez prendre note que ces résultats représentent une movenne sur 24 heures. Il peut y avoir guelques différences mineures entre ces résultats et le produit reçu. Les analyses sont effectuées conformément aux méthodes de l'ICUMSA, selon le cas. Le % d'invert est analysé périodiquement sur le sucre granulé sur des lots aléatoires. Notre sucre granulé blanc est conforme aux normes harmonisées du 'National Formulary' (NF) et de la pharmacopée américaine (USP) ainsi qu'aux normes de la pharmacopée européenne (EP) visant le saccharose. La conformité à ces normes est validée deux fois par année par un tiers indépendant sur des échantillons aléatoires de nos produits. Ce certificat d'analyses est produit électroniquement.

ICUMSA (International Commission for Uniform Methods of Sugar Analysis)

unités ICUMSA: (I.U.) ICUMSA units

Please note that these results are based on an average over 24 hours. There may be some minor differences between these results and the product received. Tests are completed according to ICUMSA methods where appropriate, The invert % is analyzed periodically on our granulated sugar on random lots. Our white granulated sugar complies with the unified National Formulary (NF) United States Pharmacopeia (USP) and with the European Pharmacopeia (EP) standards for Sucrose. Compliance with these standards is validated twice a year by an independent source on random samples of our products. This certificate of analysis is electronically generated.
